

Your BASIC Card is connected to all your benefit accounts and provides convenient payment for eligible benefit expenses.

How does your BASIC Card work?

- Your BASIC Card is connected to all your benefit accounts and provides convenient payment for eligible benefit expenses.
- Eligible items are automatically approved at authorized merchants and paid from your benefit account. (Or *accounts*—it's a smart card.)
- Don't worry, your purchases cannot exceed your available benefit account balance.
- Hang on to your card when you deplete this year's funds. You can use the card again next year!

At BASIC, we make it easy to manage your benefit accounts in the way that best fits your lifestyle. **Get fast access to reimbursements with MyCash!**

If you pay for an eligible expense without your BASIC Card, get fast access to your money with MyCash.

MyCash is an individual cash account that securely holds your reimbursement funds until you spend or move them.

Use MyCash for everyday purchases! Even purchase retail and healthcare items together in one transaction. Eligible expenses are paid from your benefit account while other items are paid from MyCash. **Just swipe and go.**

Funds are not tied to a benefit plan year and never expire.*

*MyCash access service fee may apply if you are no longer actively participating in a benefit plan.

**BASIC Card valid only in U.S. Individual merchant restrictions may apply.
