

**MyCash is an individual cash account that securely holds your reimbursement funds until you spend or move them.**

When it's necessary to pay out-of-pocket and request a reimbursement, we make sure participants get their money back fast with MyCash.

BASIC deposits reimbursement payments directly into the linked MyCash account within 12 hours—faster than the speed of direct deposit.

Participants can then use MyCash funds to cover non-benefit expenses everywhere Mastercard® is accepted or transfer their MyCash funds to a bank account.

### Manage Your MyCash Account

It's easy to view and manage your MyCash funds online or via the BASIC benefits app.

- View recent MyCash reimbursements, transfers, and BASIC Card® transactions.
- View BASIC Card information, reissue a card, request a dependent card, and view card history.
- Save bank account details to easily schedule transfers from MyCash to your bank account.

### 3 Ways to Access MyCash Funds

- 1 Swipe your BASIC Card at any merchant that accepts Mastercard.
- 2 Withdraw at an ATM (with a PIN) using your BASIC Card.
- 3 Transfer to a personal bank account online or with the app.

*(See next page for details)*

### Ready, Set, Go!

Pay for healthcare and general items in one transaction with your BASIC Card.

Eligible benefit items are paid from your benefits account and ineligible items from MyCash.
